

Track Records on Dirt

The 2014 Fall Meet marked the first season of a new dirt surface on Keeneland's 1 1/16-mile main track. The track was structurally reconfigured in the summer of 2006 to widen the turns and lengthen the stretch. As a result, dirt track records prior to the 2006 Fall Meet are not comparable to times set on the new dirt surface. A new set of track records was established during the 2014 Fall Meet.

Following are the new set of track records on dirt; the turf course records; and the previous track records on Polytrack (in use during the 2006 Fall Meet through the 2014 Spring Meet) and on dirt (through the 2006 Spring Meet).
